Arizona Corporation Commission

Dear members of the Arizona Corporation Commission,

Docket Number: E-01345A-16-0036 + E-01345A-16-0123

I am writing to urge you to say NO to the proposed APS rate hike!

I've been an APS customer for the past 7 years, recently moved to AZ from NYC, and I'm extremely careful with my electric use. Not only to save money, but also to conserve and protect the environment.

The electric charges in NYC weren't as high as they are in AZ, much to my surprise.

If APS increases its monthly fixed fee, consumers who work to conserve energy can't do anything to reduce that charge. That isn't fair! Please oppose any increase to the basic service charge.

Please also vote NO on mandatory residential demand charges. I really appreciate that the Commission did not approve these charges in its recent decisions on the UNS Electric and TEP rate cases. Please continue that.

Charging consumers for the maximum amount used in only one hour of the month will increase what consumers pay each month and decrease incentives to reduce energy use.

Please say no to unfair utility charges!

Thank you,
Margaret Thurman
